

PAK **NOMADIC LIGHTING**

PAK

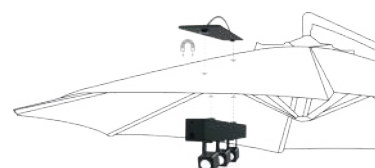

Discrete and wireless, PAK is a concentrate of **power** and a **flexibility** of use. Thanks to its **integrated magnets**, PAK can **cling to any magnetic surface**. Delivered with its accessories (3'8" insert, velcro straps and metallic plate), PAK can also be hung from any cylindrical object, fixed either side of a canvas or screwed onto a microphone stand. Its **three spotlights can be individually oriented** for a personalised light configuration. Its high autonomy offers **long-life lighting**.

Microphone or camera stand
